

Tim has been with Draper Aden Associates for 23 years and has been involved with civil engineering and land development for commercial, industrial, Federal, state, and local government and higher education clients and projects. During Tim's tenure he has also been involved with our utilities engineering (water/wastewater) and survey divisions. Much of the land development engineering has included design-build projects for private, state, and federal projects and many included working with other teams and divisions including surveying, SUE, environmental, structural, and geotechnical in support of the proposed development so are managing the project and process with the various civil engineering services included.

In 2022, DAA became part of TRC Companies, a leading, global consulting, engineering, and construction management firm that provides environmentally focused and digitally powered solutions. Tim is currently the Regional Growth Leader for the Hampton Roads region supporting all teams and services to strategically grow within the region.

Originally from South Dakota, Tim started with Sprint PCS in Minneapolis as a construction manager where he was overseeing design and construction of some of the first cell tower sites in the Minneapolis, MN market. In 1999, he moved to Virginia with a new role of 'Implementation Manager' overseeing in-house and consultants who were managing the design and construction of cell tower sites in Richmond and Hampton Roads. Tim then joined DAA in 1999 and went from client/owner to consultant and began my civil engineering career designing site plans for new cell tower sites. Tim progressed in engineering to preparing civil engineering plans for commercial, state, Federal and educational institutions' new development projects.

Education and Certifications:

- BA, Math and Economics, St. Olaf College in MN, 1994
- MS, Technology Management, South Dakota School of Mines and Technology, 1996
- BS, Civil Engineering, Old Dominion University, 2004
- Professional Engineer (VA, GA)
- Land-Surveyor-In-Training (VA LSIT)
- DBIA
