

Earl H. Inge, Jr., PE currently serves as Past President, Treasurer and Membership Chair of Design Build Institute of America (DBIA) Hampton Roads and formerly served as President in 2020. He is also an active Board Member and Past Chairman of Structural Engineer's Association of Virginia (SEAVa). He earned both a Master and Bachelor of Science in Civil Engineering from North Carolina State University in Raleigh, NC and is currently a licensed Professional Engineer in Virginia and North Carolina.

Earl started his career in 1994 at Stroud, Pence & Associates where he served as a Principal and Vice President. In 2017 he joined the structural engineering team at Speight Marshall Francis' Virginia Beach office where he shares the firm's genuine love for the profession, commitment to engineering excellence, and dedication to impeccable responsiveness to clients' needs. His resume encompasses many design/build projects and a comprehensive array of market segments with proficiency in structural design of schools, higher education, offices, community facilities, mixed-use, healthcare, recreation, housing, hospitality, retail, parking, warehouses, and industrial facilities. His accomplished proficiency with sustainable design is demonstrated through several LEED Platinum and Gold certified projects. He also brings significant experience to the table with DoD projects including significant insight into design for anti-terrorism force protection and special forces buildings.
