BRANDON KNIGHT, MBA, DBIA

PROGRAM DIRECTOR

Brandon Knight, MBA, DBIA, serves as a program director in Woolpert's Buildings sector, where he is responsible for guiding multidisciplinary teams that deliver innovative solutions to education and municipal clients throughout Virginia and the mid-Atlantic region. In this leadership capacity, Brandon manages projects with a strategic blend of technical expertise, creativity, and client-centered service, overseeing projects from initial concept through completion.

With over two decades of hands-on experience in the construction and design industry, Brandon has developed a distinctive approach that emphasizes constructability and efficiency at every project phase. His background encompasses a wide spectrum of roles, including design-build, preconstruction planning, and comprehensive project management, allowing him to navigate complex challenges and streamline delivery processes. This broad expertise enables him to anticipate potential obstacles and proactively address them, resulting in successful, on-time, and on-budget project outcomes for both public and private sector clients.

Brandon's academic credentials include earning a Master of Business Administration (MBA) from the College of William & Mary, equipping him with advanced business acumen and leadership skills. He also holds a Bachelor of Science in Building Construction from Virginia Tech, which provided him with a strong technical foundation in construction methodologies and project execution. As a certified Design-Build Professional (DBIA), Brandon stays at the forefront of industry best practices and is dedicated to continuous professional development.

Throughout his career, Brandon has demonstrated a commitment to advancing the industry through active involvement in professional organizations. He has contributed to the Associated Builders and Contractors (ABC) Leadership program and participated in the ABC Young Leaders initiative, where he has mentored emerging professionals and fostered a culture of collaboration and excellence. Additionally, Brandon has supported community development by volunteering with Habitat for Humanity, reflecting his passion for service and social responsibility.

Outside of his professional achievements, Brandon values maintaining a healthy and active lifestyle. He enjoys various outdoor activities, quality time with his family, and supporting local initiatives that strengthen his community. His relationship-driven leadership style and collaborative mindset extend to his role on the DBIA board, where he leverages his real-world constructability insights and enthusiasm for innovation to improve project delivery and foster positive outcomes across the industry.
